

B-ty Institute Natural Hair Care program is designed to prepare students to enter the fields of Natural Hair Care profession. At B-ty Institute we believed in educating leaders and not molding students to work for others. Our students do not only obtain a Natural Hair Care license after completing and pass the North Carolina State Board of Cosmetic Arts Examiners exams, they're fully educated with the foundation on how to start and successfully manage their own Natural Hair care Salons. B-ty Institute students are taught to fish and feed themselves for a lifetime, not just for a day.

The program length of time is 336 hours total, which total is three and a half months. The classes schedule is four days per week, Monday through Thursday and each class will last at least six hours per day. Students will have the option to attend a day or evening classes. During the next few months' students will embark on an exciting educational experience that will lead them to a very rewarding career in the Natural Hair Care industry.

**NATURAL HAIR CARE PROGRAM:**

- Intro Disinfection, Sanitation and Blood Spill
- Design Principles of Natural Hair care
- Advance Principles of Natural Hair care
- Salon and Business of Natural Hair Care
